

Bizzy Bee Farms

Bee Order Form

We at Bizzy Bee Farms hope you'll have a successful year on your cranberry marsh!

Here are some things to keep in mind as you decide on your order.

1. Timing is important. Based on your weekly walks, when will you need the bees to arrive?
2. The weather is also important! Check the long term weather forecast, which you will find at the bottom of this form.
3. Remember to decide when the bees should be off your marsh. Circle what week we should pick up the bees.
