## Making Comparisons

### Part 1: In the Field

#### Looking at the Whole

1. Summarize what you saw when you looked through your frame.

---

---

---

2. If you have not done so already, make a quick sketch of what you see on blank paper.

3. Create a caption for your sketch: \_\_\_\_\_

---

---

#### Looking at Parts

4. What do you see through the frame that is living? List at least 5 living things.

---

---

---

5. What nonliving things do you see? List at least 5 nonliving things.

---

---

---

6. You know what the season is, but what do you see in your “framed” image that is evidence for what the season is?

---

---

---
